FIFA 19 is playable on PlayStation 4 and Xbox One, and will be available on all platforms on August 23.

Fifa 22 Features Key:

- New gameplay system: FIFA's new Next Player controls let you execute any run, pivot or other dribbling movements live, no power-ups or forced animations required!
- FIFA's new Next Player controls let you improvise in every role while tackling more opponents, dribbling more freely and firing off more headers and shots.
- FIFA's new defensive slide tackles make you a better defender by leading to more decisive and dangerous tackles.
- FIFA's new Real Player Motion engine is now able to detect and track all 22 football players in a football match and use the data to realistically animate every player without the need for pre-programmed animations or scripted sequences.
- FIFA's online and connected features have been optimised, improving reliability, gameplay and match management speed. Also includes launch modes for new Xbox One X.
- FIFA Ultimate Team has been reimagined with an all-new feature set and gameplay improvements across the board.
